

WCCS NEWSLETTER | 03 January 2021

Dear parents and pupils,

I hope you are all well and safe!

It's been a very difficult period of time for everyone! Watford Chinese Community School (WCCS) has been making many plans and has to change them due to unforeseen circumstances! We will start a new term on 10 January 2021 and continue with online learning. At the end of last term, I had another meeting with the Watford Grammar School for Boys to reschedule the returning of our school after February half term! However, judging by the present circumstances, we think that it might be necessary for us to continue online teaching until the end of spring term! Obviously, safety for our teachers and pupils will always be our priority, even though, face to face learning will be more beneficial for the pupils! Nevertheless, we will have to adhere to all the safety rules and precautions! We will review the situation before the February half term and will inform you in due course!

Thank you for your much appreciated support and understanding!

Keep well and stay safe!

Wishing you all a Happy and Healthy year 2021!

Regards,

鄭校長
